Chaker Khachlek.

Backend Software Engineer · Web Developer

3,500+ participants accredited for the African Beach Games

54 countries served by one platform I built

4 real-time multiplayer games shipped solo

6+ years building for the web

// PROJECTS

★ GAME · COMING SOON

Guardians of Solaria · solariakingdom.com — Nov 2026

Solo developer & publisher · Android, iOS and Steam (Android in testing)

- Online co-op action RPG for up to 4 players, with AI bot allies: 45 dungeons in 3 realms, 4 Guardians, staged bosses, Keystone runs and leaderboards.
- Online services on Unity Gaming Services (Relay, Lobby, Google sign-in, Cloud Save, Cloud Code); English, French and Arabic.
- Built with Claude Code agents, test bots, a regression suite and automated releases to Google Play.

// EXPERIENCE

SQLI · Web Developer (permanent) — Oct 2024 – Present

Paris, France

- Lead ongoing maintenance and optimisation for a major insurance client, bringing in AI-assisted workflows (AI agents, MCP skills) to shorten delivery times and automate code checks.

SQLI · Web Developer (internship) — Feb 2024 – Aug 2024

Paris, France

- Improved an open-source SQLI bundle for Ibexa and Symfony, with strict code-quality standards and automated tests.
- Built custom Shopware plugins meeting the complex requirements of an e-commerce client.

Tunisian National Olympic Committee · MERN — Apr 2023 – Jul 2023

- Delivered the mission-critical accreditation system for the African Beach Games: 3,500+ participants from 54 countries.

Carolina Tunisian Group · Laravel — Jul 2022 – Sep 2022

- Designed and built a high-traffic e-commerce platform end to end, optimising the purchase journey.

Greenex · Laravel — Jan 2021 – Jun 2021

- ERP automating production-data entry, making the company's management tool faster and more flexible.

Tunisair · PHP — Jan 2020 – Feb 2020

- Statistics tool extracting and analysing data from complex B2B booking XML feeds.
